

APOSTOLIS MPOSTANIS

Senior Frontend Engineer / Frontend Architect
Athens, Greece (Remote-friendly)

mpoapostolis@gmail.com — [LinkedIn](#) — [GitHub](#) — [YouTube](#)

PROFESSIONAL SUMMARY

Product-oriented Senior Frontend Engineer with 12+ years of experience building and scaling web applications in Agile environments. Specialist in Frontend Architecture (React, Next.js) and crafting highly reusable, accessible UI Component libraries. Brings 4+ years of specialized experience in real-time 3D web rendering (WebGL, Three.js) and Babylon.js. Combines a rigorous engineering mindset with creative problem-solving to deliver robust, scalable frontend solutions.

TECHNICAL SKILLS

- **Core Frontend:** JavaScript (ES6+), TypeScript, React, Next.js, HTML5, CSS3, Tailwind CSS, SASS
- **UI Architecture & State:** UI Component Libraries, Radix UI, Micro-frontends, Redux Toolkit, Zustand, Valtio
- **3D & Creative Engineering:** Three.js (4+ years), Babylon.js, WebGL, React Three Fiber (R3F), Blender
- **Backend & Infrastructure:** Node.js, Express, PostgreSQL, Supabase, PocketBase, CI/CD, Vercel, Cloudflare
- **Workflow & Standards:** Agile (Scrum/Kanban), Jira, Git, Jest, Cypress, Accessibility (WCAG 2.1), Performance Profiling

PROFESSIONAL EXPERIENCE

Independent Contractor

Senior Frontend / 3D Engineer

Remote
Oct 2025 – Present

- Architecting performance-critical 3D web applications and interactive solutions for various clients.
- Designing deterministic state updates and handling complex interactions with strict memory constraints.
- Translating stakeholder requirements into production-ready systems, prioritizing performance and maintainability.

FANATICS

Senior Frontend Engineer

Remote
2024 – Oct 2025

- Engineered a comprehensive, accessible UI Component Library from scratch (using React), streamlining frontend development across multiple cross-functional Agile teams.
- Abstracted complex UI patterns into reusable components, standardizing the development process and reducing feature delivery time.
- Championed strict accessibility (WCAG 2.1) compliance and implemented strategic code-splitting to optimize runtime performance.

LOGICEA

Frontend Architect & Team Mentor

Athens, Greece
2023 – 2024

- Spearheaded frontend architecture for enterprise-scale React/TypeScript applications within a fast-paced Agile workflow.
- Increased development velocity through the design and delivery of a shared internal UI component library.
- Mentored engineers, led technical sprint discussions in Jira, and implemented structured code review processes to reduce post-release defects.

APPOPLOO

Frontend Engineer (3D Specialist)

Athens, Greece
2021 – 2023

- Engineered real-time 3D rendering solutions for maritime platforms using React, WebGL, and Three.js.
- Developed automated pipelines for optimizing and importing complex 3D assets into browser environments.

LOGICEA

JavaScript Engineer

Athens, Greece
2016 – 2020

- Built production-grade SPAs, integrating complex REST APIs into pixel-perfect, responsive UIs.
- Actively participated in daily stand-ups and sprint planning to ensure timely delivery of robust frontend features.

JourneyPost

JavaScript Engineer

Athens, Greece
2014 – 2016

- Played a key role in the MVP launch, delivering core frontend features that successfully drove early user retention.

INDEPENDENT ENGINEERING INITIATIVES

- **GALERRA:** Architected and developed a full-stack web application for immersive 3D galleries. Handled end-to-end development using Astro, TypeScript, and PocketBase. galerra.art
- **VXLverse:** Engineered a web-based game engine concept, tackling complex technical challenges in real-time 3D scene management and interactive 3D worlds. vxlverse.com
- **cp-ranger:** Developed a fully playable 3D browser game built with Babylon.js. cp-ranger.vercel.app
- **Subject 379:** Developed and published an independent 3D game on itch.io using Babylon.js.

AWARDS & PUBLICATIONS

- Eurobank Beyond Hackathon: 3rd Place (Fintech Innovation).
- **EVOTION (H2020 Research):** Contributed to Decision Support System and Simulation.
- **IEEE EMBC (Poster):** Co-author, Health Technology Research.
